2. It will be seen from the above statement that the aggregate number of original Civil suits pending at the commencement of the year together with those filed during the year amounts to 8,198 or 561 more than in the previous year.

3. Of these 7,527 were disposed of leaving a balance of 671 for the current year.

4. Of the 7,527 cases disposed of 6,810 were decided by the Munsiffs. Of these 1,396 were contested and decided on the merits, 3,639 decided exparte, 832 decreed on admission, 758 on compromise and 185 struck off for default or otherwise disposed of.

5. Of the 717 suits decided by the Zillah Courts 325 or 456 per cent were contested. Of the remaining 392 cases 230 were decided exparte, 34 were decreed on admission, 92 on compromise and 36 struck off for default or otherwise disposed of.

6. The total number of decisions in contested cases amounted to 1,721 against 1,587 in the preceding year. These were distributed among the several Courts as follows:—

Anjikaimal Zillah Court...............	169
Trichoor do. do.	156

Cochin	2	28	2	23

9. The total number of original Civil suits left undisposed of at the close of the year was 671 against 1,031 in the previous year. Of these 434 were in the Zillah Courts and the remaining 237 were in the Munsiffs' Courts.

10. The original suits filed in the various Courts during the year 1057 may be classified as follows:—

For money on written or unwritten promise, on contract, on accounts stated and for rent...	6,703
For personal property or value thereof	117
Suits relating to real property................	202
For damages, for defamation, &c.............	57
Other suits..	48
Total	7,127

11. The subjoined table will exhibit the number of appeals decided by the Zillah Courts during the year under review as compared with the preceding year:—

Appellate Jurisdiction.

Total	142

19. There were 11 Special appeals pending at the commencement of the year. These together with the 64 Special appeals filed during the year amounted to 75 of which 17 remained at the end of the year, the remaining 58 having been disposed of as follows:—

Confirmed	40
Reversed or modified	16
Appeals withdrawn or otherwise disposed of.	2
Total	58

20. The average duration of the Regular and Special appeals decided during the year was 7 months and 6 days against 8 months and 26 days in the previous year.

21. The Zillah Courts executed wholly and partly 627 and the Munsiffs' Courts 2,211 decrees making a total of 2,838 against 2,758 in the previous year.

22. At the close of the year under report there remained 369 decrees unexecuted in the Zillah Courts and 1,560 in the Munsiffs' Courts. Thus the total number of decrees pending execution at the end of the year was 1,929 or 345 more than in the preceding year.

23. The institution fees collected by the original and appellate Courts during the year amounted to Rs. 63,499–15–6 against Rs. 52,191–12–2 in the previous year. The stamp penalties collected by the several Courts amounted to Rs. 16,536–2–6 or Rs. 3,404–11–5 more than in the previous year. On the whole the total receipts in the year amounted to Rs. 80,036–2–0 against Rs. 65,323–3–3 in the preceding year.

24. The total expenditure on account of the Judicial Department during the year amounted to Rs. 56,708–4–4.

Criminal Justice.

25. The total number of cases committed by the Police and the Magistracy during the year under review was 64 against 147 in 1056.

26. These cases were divided between the two Criminal Courts as follows :—

Anjikaimal..................45
Trichoor....................19

27. There were two cases left undisposed of in the Anjikaimal Criminal Court at the commencement of the year. These together with the 45 cases committed during the year amounted to 47.

28. Of these the Anjikaimal Criminal Court referred 6 cases to the Appeal Court. Of the remaining 41 cases 40 cases involving 114 persons were disposed of by the Criminal Court and 1 case remained undisposed of at the close of the year.

29. The total number of cases committed to the Trichoor Criminal Court during the year was 19. Of these 5 cases were referred to the Appeal Court and the remaining 14 cases involving 36 persons were disposed of by the Criminal Court during the year under report.

30. The total number of cases referred by the Criminal Courts to the Appeal Court during the year was 11, which together with the 4 cases left undisposed of at the end of the previous year amounted to 15.

31. These 15 cases involving 41 persons were all disposed of by the Appeal Court during the year under review.

32. The total number of persons on whom judgments were passed during the year under report was 191. Of these 108 were acquitted and 83 convicted. The ratio of acquittals was 51 per cent as against 60·9 per cent during the preceding year.

33. The punishments awarded by the several Courts are shown below:—

Sentenced to	Fine	3
Do.	Imprisonment	55
Do.	Whipping and Imprisonment	2
Do.	Imprisonment and Fine	23
	Total	83

34. The number of Criminal Appeals preferred to the Appeal Court against the judgments of the Criminal Courts during the year was 13 against 7 in the preceding year.

35. These appeals were disposed of as follows:—In 11 cases the sentences were confirmed; in 1 modified, and in 1 reversed.

36. The average duration of each case in the Criminal Courts was 8 days being the same as it was in the year 1056. In referred trials the time taken up by the Appeal Court averaged 12 days as against 14 in the year previous.

Jails.

37. The return of Prisoners in the Jails of Ernacollum and Trichoor showed that there remained at the

beginning of the year	142
Admitted	203
Total	345
Released	185
Remaining at the end of the year.	160

38. Of the prisoners remaining 17 were civil debtors, two remanded by the Magistracy and the other 141 were convicts whose terms of sentence are given below:—

49. Four certificates were issued by the British Resident under Sec. 9 of Act XXI of 1879 for the trial of 17 offenders in British India.

50. A scheme for the reorganization of the Police and the separation of the Police from the Magistracy was sanctioned by His Highness the Rajah at the commencement of the current year. The details of the new system and the progress made in giving it effect will duly appear in the next report.

Land Revenue.

In 1056	Rs.	6,35,394—8–10
„ 1057	„	6,37,607-11—1
Increase	Rs.	2,213—2—3

51. A large area of reclaimed land was brought under assessment; the damage to cultivation on the Trichoor lake, sustained in the previous year by the influx of saltwater, was not experienced to the same extent in the year under report, and the postponements of payment of the Land Revenue to the following year, in various districts, were more restricted than those allowed in 1056. These causes combined in a great degree to produce the increase in the revenue noted in the margin. The increase would have been greater but that the rent of some of the coffee Estates on the Nelliampathies was not fully recovered during the year.

52. There are in all 17 Estates on these Hills, having a total area of 8,251 acres, of which 2,330½ acres are under cultivation. The aggregate amount of quit rent charged annually on the 17 Estates is Rs. 8,119—5—0. The total yield of Coffee in the Calendar year 1882 was 706,275 lbs. and the total cost of cultivation during the same period, according to returns furnished by the proprietors or agents was Rs. 1,83,521. The Estates have an average elevation of 3000 feet above sea-level.

53. The revenue receipts in each district of the State during the year are as follows :—

Cochin....................	Rs.	84,341—10— 4
Cannianore................	,,	74,783— 1— 5

Abkarry and Opium.

56. The decrease under the first head is owing to want of competition at the public auction of the farm, and also to a portion of the contractor's liability having been deferred to the ensuing year.

Abkarry Farm.		
In 1056	Rs.	70,744—2—4
,, 1057	,,	62,134-11—5
Decrease	Rs.	8,609—6-11

57. The Opium Farm, at auction produced Rupees 13,533—5—4 which is greater by Rupees 5,984—3—1 than in the previous year.

In 1056	Rs.	7,549—2—3
,, 1057	,,	13,533—5—4
Increase	Rs.	5,984—3—1

Salt.

58. The actual sales in the Sirkar Bankshalls considerably increased during the year, being 92,024 Maunds against 87,434 in the previous year; but as the selling price was reduced from 3 to 2½ rupees per Indian Maund during the last five months of the year under report, to bring it in accordance with the price ruling in the district of Malabar, the falling off has occurred as marginally noted.

In 1056	Rs.	2,59,966—3–5
„ 1057	„	2,54,724—5–1
Decrease	Rs.	5,241–14–4

59. The reduced state of the stock at the Bankshalls having rendered it necessary that an increased quantity should be imported for the requirements of the year a larger supply was contracted for, and hence the increased price paid on that account.

In 1056	Rs.	19,196–13–10
„ 1057	„	29,899—4—2
Increase	Rs.	10,702 –6—4

60. The privilege of conveying Salt from the Sirkar Bankshall at Trichoor to Tallapilly, Chittoor and other out-stations having been sold by public auction on favorable terms, there has been a reduction of expenditure in the carriage of salt, of Rs. 2,154–7–7 as compared with the previous year.

Registration of Deeds.

61. During the year under report, the total number of documents registered in the six Registry Offices was 15,157 against 15,025 in the preceding year, giving an average of about 1,263 per month or nearly 42 per day.

62. Of this total number of documents, 7 were Wills, 14,661 or 96·7 per cent related to immoveable and 489 or 3·22 per cent to moveable property.

63. The following table shows the documents registered, arranged according to their values. The total value was Rs. 53,83,310—4—6 giving an average of Rs. 355—2—8 per document:—

VALUE.	No. of documents registered.
Not exceeding Rs. 50	4,516
Above Rs. 50 and not exceeding Rs. 100 ..	2,622

Above Rs. 50,000 and not exceeding Rs. 100,000 ..	2
Documents of undefined value	130
Total...	15,157

64. Ninety-six documents were refused to be received for registration: of these four were registered by the order of the Huzzoor Registrar, and five by the order of the Zillah Courts.

65. Eighty-three documents were registered under penalties under Sections 15 and 22 of the Registration Act. This shows a decrease of six documents so registered compared with the number in the previous year.

66. Fifty-seven general and 42 special powers of attorney were attested by the Registrars; and 29 copies of registered documents were forwarded to other District Offices under Section 53 of the regulation, in consequence of the property being situate in more than one district.

67. The documents registered at private residences amounted to 152 or 4 less than in the year preceding.

68. The number of applications received at the District Registry Offices for copies of documents and for making searches was 395, showing an increase of 93 compared with the number in the year preceding.

69. The number of documents unclaimed by the parties at the end of the year was 838.

70. The subjoined table will show the number of documents registered in each office and the amount of fees &c. collected during the year under review :—

Offices.	Documents.	Fees &c.		
		Rupees.	As.	P.
Cochin Registry Office	2859	4,523	2	0
Kanayanore " "	3175	4.025	7	0
Mukundapuram " "	2092	3,283	0	0
Trichoor " "	2844	3,807	1	0
Talapilly " "	3279	4,470	11	0
Chittoor " "	908	2,075	2	0
Total...	15,157	22,184	7	0

71. It will be observed from the above table that the largest number of documents registered was at Talapilly and the highest amount of fees realised was at Cochin.

72. Classifying the offices according to the property value represented by the deeds, Cochin stands first and Mukundapuram last.

Offices.	Value.		
	Rupees.	As.	P.
Cochin	12,43,083	1	8
Talapilly	10,55,586	6	9

Chittoor	7,51,447	3	5
Mukundapuram	7,13,417	0	11
Total..	53,83,310	4	6

73. The expenses of the Department for the year 1057 have been as follows:—

Salaries.

Huzzoor Head Office .... Rs. 3,432–0–0
District Registry Offices .... Rs. 6,744–0–0

Total Rs. 10,176–0–0

Contingencies.

Stationery and charges for binding books. Rs. 548–2–0

Total. Rs. 10,724–2–0

74. Deducting the disbursements from the Receipts of the year, there remained a surplus of Rs. 11,376–5–0 against Rs. 10,611–5–6 in the preceding year.

Education.

75. In reviewing the Educational work of the year under report there are no great changes to record; no fresh schools were opened, but the year has been one of real progress.

76. To begin with the High School, the increase in the number of students here is just double that of last year, and the new College Class VII starts with more than twice the number in either of the two preceding years. The Middle School also is largely augmented, and all the divisions are fairly filled. It may be noticed that wenty-three boys are learning Malayalam only, while three hundred are acquiring English also. The table below gives the class details for 1057 compared with those for two previous years:—

		1055	1056	1057	Remarks.
College Classes.	VIII	3	6	5	
	VII	6	5	13	
High School.	VI	11	17	17	
	V	12	12	14

Vernacular Classes	Upper Vernacular.	0	22	16	
	Lower Vernacular.	0	0	7	Lower Vernacular newly formed.
	Total	264	284	323	

77. The addition of the Vernacular classes has lowered the average age of the whole school from 15½ to 14½ years. The attendance appears to have been very good, having risen to 94 per cent of the boys on the rolls.

78. The following table shows the classification of boys under the various castes or religions for the year under report and the three previous years :—

Caste or Religion.	*1054*	*1055*	*1056*	*1057*
Brahmins	50	59	61	68
Ellayathus	1	1	1	0

79. The admissions and removals during the year may be thus summed up :—

New admissions in 1057....................	79
Re-admissions................................	40
Total...........	403
Removals for various causes in 1057......	80
Remaining on the Rolls at the end of 1057...	323

80. An analysis of the sources from which the High School is supplied shows that there is a falling off in the supply from the Sirkar District Schools which sent up 8 only against 17 in 1056. The Cochin town Schools sent

9 instead of 2. The Palghaut, Calicut and other Schools and the Trevandrum and Cottayam Colleges sent in all 19 boys against 17 in the previous year; and there were 43 beginners from Ernakulam.

81. The usual half yearly Examinations of the boys of the High School were held in December 1881 and June 1882. They were conducted partly by gentlemen unconnected with the Institution who obligingly lent their services, and partly by the masters of the School.

82. Of the Public Examinations to which the High School has sent up students for competition, the first to be noticed is the Middle School Examination. This is the second year that boys have gone up and the result is very much more satisfactory than that of the first year. The whole of Class IV A containing 17 boys went up and all but two passed, three being graded in Class I; another boy from Class IV B went up as a private student but failed.

83. The general result may be recorded as most satisfactory. There is a strong and promising Class IV A in training for the next year's competition.

84. The Matriculation is the Examination next in rank and difficulty, and for this 17 boys were sent up, and 14 passed, three being well placed in Class I and the others in Class II, 5 being high in that Class. This result is encouraging as 82 per cent of the candidates is decidedly above the average out-turn of schools. Of these 14 who have passed, seven are reading for the First in Arts and may probably go up in 1883. Of the rest two have entered the Medical Department, and one has been appointed to one of the District Schools as an Assistant Master. In this year 3,725 students were examined for the Matriculation in the Madras Presidency of whom 1,131 passed or 30 per cent of the whole.

ERNAKULAM PUBLIC LIBRARY

85. For the First in Arts Examination, the High School had only six students to send up; but was fortunate enough in its pupils, for all passed, one in the First Class.

Their names are:—

R. Vasudeva Row..................	*Class I.*
S. Vira Rakava Aiyan............	*Class II.*
Marayil Govinda Menon..........	
Ganapathy Vengappa Aiyan.....	
T. C. Matthai	
Elamanei Rama Menon	

86. This return is as satisfactory as could be expected and the positions taken by the students are good. In the whole Presidency 423 passed out of 733 examined; an average of about 57 per cent. Two of the High School students are reading for the B. A. degree. Three are engaged in teaching work and one is employed in the Sub Court of Cochin; all having good prospect before them.

87. As there are no B. A. classes it may not strictly fall within the scope of this report to notice the B. A. results, but it is gratifying to record the success of former students of the High School in the higher Examinations although their studies beyond the F. A. were prosecuted at other institutions.

88. Of five of our passed F. A. students of December 1879 who read for their B. A. degrees, four passed the Examination of 1882, viz:

C. Korah Eapen	*First in Class I.*
Panikavidtil Shungoony Menon.	*Class II.*
A. M. Mathanayakam Pillai....	
K. Chandapillay Thomas.........	

89. It is especially a matter of congratulation that our foremost F. A. of 1879 is the First B. A. of the whole Presidency in 1882.

90. Kamalanabha Ramaswami Naidu, who holds His Highness the Rajah's scholarship as a student of the Medical College Madras is making steady progress in his Medical degree.

91. In all the public Examinations the papers were on the whole very fair and the results accord with those of our school Examinations. The Middle School Examination is an excellent test of fitness for admission to the High School. The Director of Education requires that boys should have passed it before being admitted to the High School Classes. There are most scrutinising Examinations in Classes IV, III, II, & I taking all their divisions together in which Mr. Sealy himself and many of the Masters take part. By the results of these the promotions are mainly determined and they fully supply the place of the comparative and Upper and Lower Primary Examinations in the British Educational Department.

92. The High School classes are now well up to the prescribed standards and are really in advance of the classes of many adjacent schools; this however is due to the fact that in other schools the classes are below their professed and proper standards and therefore ours are more advanced. The aim here is to keep the classes all working up to their proper standards, and it is believed they are now fairly so.

93. The augmented number of pupils has largely increased the amount of fees, the receipts being Rs. 1,818-3-0 against Rs. 1,472-14-0 in 1056; while the diminution of the sum from fines, below even that of last year, quite accords with the very high percentage of attendance (94) noted before, and is the natural outcome of improved regularity.

94. The working of the Book Depôt may be seen by the following table:—

Stock in Depôt.	1056 Vols:	1056 Value. Rs.	A.	P.	1057 Vols:	1057 Value. Rs.	A.	P.
Stock left from previous year	4,214	2,255	2	3	7,509	2,706	7	3
Purchased in the year	6,546	1,608	12	0	7,138	1,698	12	6
Total	10,760	3,863	14	3	14,647	4,405	3	9
Deduct sales	3,251	1,157	7	0	4,258	1,237	5	6
Stock remaining at the close of the year.	7,509	2,706	7	3	10,389	3,167	14	3

The stock is larger and more valuable than at the end of 1056 but more additions are still required. The sales and purchases both show slight increment.

DISTRICT SCHOOLS.

95. The total number of students in all these schools at the close of the year was 724 showing an increase of 129, a result that is encouraging in all cases except in Trichoor.

96. The condition of each school as reported on by the Director of Education is separately given below:—

Trichoor:—This school is again reviewed unfavourably by the Director and its condition stated to be still unsatisfactory. The number of boys was even less than in the preceding year, but it may be added that it has risen again since the beginning of the current year 1058. The number of the older boys is still small; they seem unwilling to remain in the Upper Class. Most of the boys are but young, the average age of the whole being 11. Four boys were sent up to the High School during the year.

The results of the inspections are below those of last year and the depreciation is most marked in English and Geography. The percentage of marks obtained at Trichoor is lower in nearly every case than those obtained

in the other schools. The Director does not regard with so much confidence the comparison of one year's results with those of the next, since there is no certainty that the examination of one year is exactly equal in difficulty to that of another, and it may be that the examination this year was a little more searching than that of the last which may account somewhat for the failure at Trichoor. In Arithmetic the papers are, year after year, of the same standard and in all the schools the tests this year have been precisely alike; the comparative out-turn of the schools can therefore be relied upon to show their respective positions. In Trichoor the average daily attendance is recorded as 77 out of 85. This is good, but it is clear that on the whole this school has not advanced in the standard but has rather retrograded.

Muttancherry.—The condition of this school is reported as satisfactory on the whole and the pupils have largely increased in numbers during the year, namely from 107 to 175. The average age of the boys is 12. Three boys were sent up from here to the High School. The average daily attendance was 135 out of 151 or 83 per cent. There is some improvement in the work this year, but the classes are not yet up to the standards they should be, although they are drawing more near to this as is shown by the improved percentage of marks obtained in the inspections this year. During the year the lower classes became so crowded as to necessitate the opening of an additional preparatory class. There are therefore 8 classes now, and the lower ones are so full as to make it likely that a ninth class will be required.

Chittoor.—During the year under review this school has made great progress and has been raised to the position of a First Class District School with an augmented establishment. The number of boys has risen from 110 to 151, their average age being 10. Two new classes were opened in the year and now there are 8 sanctioned

classes and 8 teachers on the establishment, but in consequence of the increase of numbers an overfull lower class was divided and an extra teacher appointed whose salary is paid out of the school fees. The staff of teachers is pretty good. The result of the inspection held just after the close of 1057 compared with the last inspection returns shows that the differences are slight and the marks gained are quite up to what was expected, as the boys were examined for standards for which they had been studying only about five months. The Director was very well satisfied with the result of the examination and the general tone and discipline of the school, which is undoubtedly popular. A great improvement has been effected by the removal of the school from the old Proverty Cutcherry to the newly restored and enlarged building, formerly the Taluq Cutcherry, which however is even now nearly filled by the increasing numbers resorting to it.

Irinjalacodah.—In this school also there is an increase and the work and progress are both satisfactory. The number on the roll has risen from 59 to 77 and a new Vernacular class has been opened. This is still a second class school, having five out of its six sanctioned classes opened. The classes are fairly up to their standards. The daily attendance is 58 out of 65 on the average, or 89 per cent, which is quite satisfactory. The average age of the boys is 11. One pupil came up from here to the High School. A comparison of the inspection result of 1056 and 1057 shows that in Arithmetic there has been an increase in the percentage of marks obtained from 48 to 56 and in Geography from 15 to 35. In English and Malayalam the differences are scarcely appreciable.

Kunnankulam.—Last year the Director reported most favourably on the progress of this School, and in his present report he confirms in every way the opinion then expressed. The number of pupils has risen from 208

to 236, and at one time it was over 240. The attendance is good, showing 89 per cent on the average. The well filled lower classes contain a great number of little boys, so that the average age is low namely, 10 years. The sanctioned establishment provides only for 8 classes, but the growing numbers have made others necessary and 2 extra classes have been opened the teachers of which are paid out of school fees. These additional classes may not be always needed, but that they are now required will be seen from the fact that the numbers attending each class at the end of 1057 ranged from 15 to 29. The last inspection examination of this school shows very good results, the highest indeed of all the four chief District Schools.

97. At the close of 1056 there were 864 students enrolled in all the schools of this State and at the end of 1057 there were 1047, showing a very fair increase of 183. Distributed among the four great divisions of the people, the present number comprises 648 Hindus, 368 Christians, 22 Mahommedans and 9 Jews. In the previous year the increase was 137, so that the year reported on shows a steady advance which, perhaps, is more satisfactory than a more sudden rise.

98. The number of teachers now in the department consists of 3 Graduates, 6 First in Arts, 22 Matriculates, 6 who passed the fifth grade and 18 not graded. Of these 33 are Hindus and 23 Christians.

99. The cost of the High School establishment, in salaries paid by this Government, in the year was Rs. 20,533–7–10, of which Rs. 1,863–1–9 was realized in fees and fines. The cost of establishment of the District Schools amounted to Rs. 8,108–10–5, the receipts from fees and fines being Rs. 1,696–6–10.

Public Works.

100. The allotment in the Budget for Public Works during the year was Rs. 1,68,000 a sum of Rs. 32,000 having been reserved from the ordinary outlay as in the previous year to provide for the guarantee of the proposed Railway from Shoranoor to Ernacollum. The actual expenditure amounted to Rs. 1,42,051–2–4 or Rs. 25,948–13–8 less than the allotment, and the cost of works executed through the agency of the Tahsildars to Rs. 1,14,079—12—11, so that the aggregate expenditure was Rs. 2,56,130—15—3 as shown in the margin.

In 1056	Rs.	2,43,420- 2- 4
„ 1057	„	2,56,130-15- 3
Increase	„	12,710-12-11

101. The full amount of the allotment to the Engineer's Department was not availed of owing to several works included in the Budget not having been undertaken. The Estimates for the Trichoor School and for deepening portions of the Chenancherra Canal were sanctioned too late in the year to allow of operations being commenced. The diversion of the Arnatcurray Canal was not carried out in consequence of the early setting in of the south-west Monsoon and there being too much water in the Trichoor Lake. Sanction for the Estimate for the Chittoor or Moolathoray Irrigation works was delayed, as it was considered desirable to make an alteration in the proposed line of canal, which necessitated a valuation and settlement of the claims of private individuals who had many years ago commenced excavating a narrow canal 5 or 6 miles in length which it is intended in the present scheme to utilize as a portion of the main Irrigation Canal. These claims having now been settled and the Estimate sanctioned, the work is being proceeded with as rapidly as possible and it is expected that a large area of land will be brought

under wet cultivation next season. The anicut and head sluices at Moolathoray and the heavier work of blasting the work at the first mile of the old channel were completed in 1055 (1879-80).

102. The following works were under progress at the beginning of the year :—

(1.) Buildings :—

Southern Wing to the Ernacollum Public Offices.
Kalikotta Bungalow—Tripoontorah (Repairs).
New outside Verandah to the Irinjalacoday Public Offices.
New outside Verandahs to the Muttancherry Public Offices.
Ernacollum New Hospital extra works.

(2.) Communications :—

Palarvattom Road.
Chotanikara Road.
New Timber Road from Anapanthen to Walliacooty on the Nelliampathies.
Eight feet Cart road from Irringana to Anapanthen in the Forests.

(3.) Bridges :—

Repairing the wooden Piles and renewing the Timber work of the old Bridge at Tripoontorah.

(4.) Miscellaneous :—

Ernacollum Reclamation and Road.
Raising and reforming the Earthen Bund across the paddy fields at Mala, and constructing new culverts &c.

103. Of these the following works were completed during the year under report:—

Kalikotta Bungalow—Tripoontorah.
New outside Verandah to the Irinjalacoday Public Offices.
Do. Do. to the Muttancherry Public Offices.
Palarvattom Road.
Chotanikara Road.
New Timber Road from Anapanthen to Walliacootty on the Nelliampathies.
Marking out the Trace and constructing 8 feet cart Road from Irringana to Anapanthen in the Forests.
Outright Repairs to the Tripoontorah Timber Bridge.
Mala Bund.

104. The foundation of the Southern Wing to the new Public Offices at Ernacollum has been laid on a bed of Portland Cement concrete. The masonry of the lower story has been completed, and the door and window frames, as well as the ceiling joists have been placed in position.

105. The extra works of the Ernacollum new Hospital viz: ceiling planks to the wards, asphalting the floors, new furniture &c, were completed during the year under report.

106. Of the Ernacollum Reclamation and Road, the waling and completion of No. 1 Basin, sheet piling a portion of Basin No. 2, constructing Jetties for landing, filling portions washed away, repairing Dwarf wall and rough stone revetment, which were damaged during the Monsoon were executed this year.

107. The following new works were commenced during the year under report:—

(1.) Bridges:—

New Bridge across the Iyloor River on the road from Carpancherry to Iyloor—Chittoor District.

New Bridge of 8 feet span on the 4th mile Nemary Road.

Renewing the Timber work of the Poovathoomcadavoo Bridge—Chittoor District.

Constructing Five New Irrigation Culverts on the Nadapoony Road and one Ditto on the Nemary Road.

(2.) Communications:—

Palurthy Road.

Kotakaud Road.

Anjoor Road.

Road from Tirtalla Road to Kunnunkulam Bazaar.

Mala Road.

Kakathoorthy Road.

Setting out a Trace and opening out a 6 feet Road half way down the Wallenghy Ghaut from the Coffee Estates.

(3.) Irrigation Works:—

Chittoor Anicut.

Chittoor Head Sluices and Revetment Wall.

Akarapuram Retaining Walls on the Banks of the Irrigation Canal with culverts—Trichoor District.

Vallikal Retaining Walls and Earthen bund with Irrigation and surplus sluices, to form a tank for the Irrigation of the Fields South of the Bund—Moogoondapuram District.

Puthen Angady Cherra Bund, Bridges and sluices—Moogoondapuram District.

(4.) Miscellaneous:—

Deepening Navigation canal from Vatticadavoo, Kunnunkulam, to Chumanoor British Boundary.
Repairs to the Tripoontorah old Palace.
Do. to the Trichoor Market House.
Do. Shoranoor, Wadakancherry, Trichoor, Kunnunkulam, Patticaud, Curvanoor, Carupadnah and Ernacollum Travellers' Bungalows and other Minor Works.

108. Of the above the following works have made more or less progress :—

(1) *New Bridge across the Iyloor River.*—The masonry and the greater part of the Timber work of this Bridge, were completed during the year, and although not opened for cart Traffic foot passengers were able to cross, when the River was in flood.

The New Bridge on the Nemaray Road, the repairs to the Poovathumcadavoo Bridge, and five out of the seven New Irrigation Culverts sanctioned on the Nadapoony Road were completed before the S. W. Monsoon set in.

(2) *Pallurthy Road.*—The sanction for the construction of this road having been received about the close of the year very little work was done.

(3) *Kotacaud Road.*—Branching off from the third mile of the Shoranoor Road to Kotacaud. The whole of the Earthwork and two of the Bridges were completed, and the S. W. Monsoon having set in early this year, the masonry work had to be discontinued.

(4) *Anjoor Road.*—From Tirtalla Road to British Boundary. The outright repairs of this road were taken in hand and completed, including a new masonry Retaining Wall to the tank adjoining the road.

(5) *Road from the Tirtalla Road to the Kunnunkulam Bazaar.*—This new road with the Bridges and Culverts was completed during the year reported on.

(*6*) *Mala Road.*—From Mala to Alloor. The greater part of the earthwork on the high ground was completed. As sanction for the execution of this work was only obtained late in the year, nothing could be done to the masonry in Bridges and Culverts or Earthwork in the paddy fields, as the Monsoon had already set in.

(*7*) *Kakathoorthy Road.*—The monsoon having set in before the outright repairs were sanctioned very little was done to the work.

(*8*) *Wallenghy Ghaut Road.*—A new Trace was marked out, and opened for a width of 6 feet, to half way down the Ghaut, or as far as Shernelly Bridge, this road will only require widening to form an excellent Cart Road up to the Coffee Estates. The steepest gradient is 1 in 18 and when completed will be about 12 miles in length.

(*9*) *Chittoor Anicut.*—The Granite masonry work of this anicut was completed during the year, and the water from the Anamallay River let off for the Irrigation of the Paddy Fields near Tattamungalom.

(*10*) *Chittoor Head Sluices and Revetment Wall.*—These works which are connected with the anicut, were completed; stone having been quarried for them in the latter part of last year.

(*11*) *Akarapurom and Vallikal Retaining Walls.*—These works were completed before the Monsoon set in, enabling the Cultivators to utilize their paddy fields.

(*12*) *Puthen Angady Cherra Bund.*—The earthwork and the Bridges and Culverts were completed. This permanent bund and roadway is for the purpose of keeping out the salt water from the adjoining paddy fields, which are only brought under cultivation during the hot weather.

(*13*) *Deepening Navigation Canal from Vatticadavoo to Chumanoor.*—This work was completed, the bottom width of the canal being reduced from 20 to 16 feet at the request of the cultivators.

109. The Miscellaneous and Emergent works undertaken included repairs to the Tripoontorah old Palace, repairs to the Trichoor Market House, Shoranoor, Wadakancherry, Trichoor, Kunnunkulam, Patticaud, Caruvanoor, Carupadnah and Ernacollum Travellers' Bungalows and other Minor Works.

110. Two hundred and fifty miles of road were maintained throughout the year in fair order, at a cost of Rs. 31,599-11-3.

111. The annexed statement exhibits the respective sums expended during the year under review on the several works commenced, completed or in progress:—

Forests.

112. It having been considered advisable to limit the operations on the Forests in 1056, a smaller quantity of timber was received at the Depôts in the year under report, and hence there has been a decrease in the revenue from this source.

In 1056	Rs.	40,620-5-4
„ 1057	„	26,032-0-8
Decrease	Rs.	14,588-4-8

113. The amount received on account of the Chittoor Teak Forest was Rs. 44,776–4–2 against Rs. 16,695–10–9 in the previous year. The increase of Rs. 28,080–9–5 is due to an increased demand having induced the contractor to remove, under the terms of his agreement, a larger quantity of timber than in the previous year.

114. One thousand two hundred and twenty three teak logs and taldoms measuring 2,551¾ candies and 13 blackwood logs measuring 26⅛ candies were received at the depôts during the year against 1,819 teak logs and 1,643½ candies in the preceding year.

115. The number of teak logs sold during the year was 716 and the number of blackwood logs 24; the total amount realized being Rs. 19,778—8—3. The value of timber supplied to the Public Works Department was Rs. 6,253—8—5, making the value on both accounts Rs. 26,032—0—8.

116. The Royalties derived from Jungle wood, Bamboos &c., amounted to Rs. 12,646—13—6; the sale of Cardamoms, Bees' wax and other Forest produce realized Rs. 2,544—9—4 and the tax collected on Fuel was Rs. 1,558—4—0.

117. The total revenue derived from the Forests was therefore,

In 1056	Rs.	58,123—10—2
„ 1057	„	42,781—11—6
Decrease	Rs.	15,341—14—8

118. The Forest expenses were greater than in the previous year by Rs. 6,457–14–2, operations having been carried on to a larger extent in the year under report. The increased work in the Forests necessitated a larger expenditure on account of the pay of elephant keepers and in other items, so that the charges on account of the Establishment were also greater than in 1056 by Rs. 1,367–3–11.

119. Seven elephants, 6 males and 1 female, were caught in the year; 4 tuskers from Pallapilly, one female and calf and one half grown tusker in the pits recently made at Kodasherry. One tusker was killed by a wild rogue elephant and 3 females died, and there remained at the end of the year 32 elephants of which 23 are males and 9 females.

120. Cardamom Cultivation:—The area of land under cultivation appears to have remained the same as at the close of the preceding year. The total expenditure incurred in this Department during the year was Rs. 4,182–2–3, against Rs. 3,807–12–1 in the previous year. The collections of produce amounted to 1,260 lbs. of an approximate market value of Rs. 2,122–14–3 against 1,745 lbs. valuing Rs. 3,098–4–2 in 1056. It is much to be regretted that notwithstanding the offer of rewards for its detection, smuggling prevails to a great extent across the Coimbatore Boundary and has been a source of serious loss to the Sirkar revenue. Until this evil is effectually checked it would be hopeless to expect that the returns from Cardamom growing in this State will be at all commensurate with the outlay incurred.

121. Teak Plantations:—The Superintendent of Teak Plantations reports that 116 acres of land were cleared during the year for the purpose of planting at a cost of Rs. 349–13–5; but owing to delay in the arrival of a supply of teak seeds from the Nelliampathy Hills as

well as the heavy monsoon by which a great part of the District along the river bank was flooded and a portion of the teak nursery washed away, only 48 acres were actually planted costing Rs. 59–8–1; 972 acres were weeded at a cost of Rs. 1,775–1–8, 332 acres were pruned the charge being Rs. 192–5–7. The total cost of the operations on the plantations during the year was Rs. 6,216-13-5 against Rs. 5,439-11-5 in 1056 showing an increase of Rs. 777-2-0, due chiefly to a larger extent of land having been cleared.

The number of teak plants laid down in each of the past 7 years, with the area planted, is given below:—

Year.		*Acres.*		*Plants.*
1051	——	57	——	60,000

Medical.

122. The new hospital at Ernacollum was opened in March 1882. The total accommodation in the sick wards is for 40 patients. Each main ward (of which there are two in number) has 12 beds, and there are 3 special wards which can accommodate 16 cases in all. In addition to these there is an operating room, dispensary, compounding room, 4 lavatories, a store room, kitchen, dead house and separate latrines for males and females. The accommodation is ample and more than meets present requirements. The old hospital which was to have been set apart for caste patients has been converted into a Munsiff's Court. Some minor improvements were also made to the Trichoor Hospital.

123. From the report of Dr. Morgan the Medical Officer the following particulars are extracted :—

Civil Hospital Ernacollum:—The admissions during the year have been 206 against 220 in-patients in the preceding year and 3,650 against 3,487 out-patients. Of the former there were 19 deaths, viz: chronic dysentery 5, dropsies 5, consumption 1, tetanus 3, secondary syphilis 1, remittent fever 1, and labor cases 3. Two of the tetanus cases ensued on the amputation of diseased limbs during the heavy rains in July and the other arose from a wound of the foot. Seventeen deaths were known to have occurred among the out-patients.

Six major, 156 minor and 19 obstetric operations were performed during the year. The last are deserving of remark both from their number and importance as in the Municipal dispensary in British Cochin about 2 or 3 cases of this description apply during a twelve month, while at Ernacollum there were 19 operations during this year and 22 in the year preceding. Dr. Morgan notices in terms of commendation the very useful work accomplished by Mr. Robert Gunther, the Assistant Apothecary, in this Department.

Civil Hospital Trichoor:—The admissions are shown below and contrasted with those of the preceding year :—

	In 1057.		*In 1056.*
In-Patients......	386	——	264
Out-Patients ...	3,557	——	2,826

There were 40 deaths among the in-patients, and 14 were known to have occurred among the externs. Thirty-eight minor and 6 obstetric operations were performed during the year.

 TRIVANDRUM PUBLIC LIBRARY

Epidemics.—Early in the year small-pox prevailed in Trichoor and the adjacent villages and some cases of cholera were reported in the first named town and at Chittoor.

New Dispensary.—An out-door dispensary is in course of construction at Chittoor.

Vaccination.—A supernumerary Vaccinator was added to the existing staff to take the place of any Vaccinator who may be ill or absent on leave. The returns from this department show 5,531 operations of which 5,015 are reported successful, 464 unsuccessful and 52 doubtful. It would be prudent to reserve an opinion on the correctness of these figures until the agency for verifying them is in trust-worthy hands, and not left to the operators themselves.

Ports.

124. The total number of vessels of all descriptions which arrived at the Ports of Mallipooram and Narrakel during the year was 97 or 15 more than in the previous year. Of these 35 Steam Ships, being Mail Steamers of the British India Steam Navigation Company and 8 sailing Vessels resorted to the port of Narrakel.

125. The aggregate tonnage of the vessels was 76,582 against 69,245 in 1056.

126. The amount of Port dues collected was Rs. 6,335—10—0 which is greater than the receipts of the preceding year by Rs. 916-10-0.

Postal Department.

127. The following Return exhibits the working of the Sirkar Postal Department for 1057 as compared with the previous year:—

130. The Sirkar also maintains a small detachment of Artillery composed of two Non-commissioned Officers and 18 Privates with 4 guns. There is besides a small Body Guard in attendance on His Highness the Rajah.

Press.

131. The value of the work executed at the Sirkar Press during the year is estimated at Rs. 5,612-6-9 against Rs. 6,070-6-0 in the year preceding. The decrease of Rs. 457-15-3 is owing to the statements required by the Census Department having been already completed and less extra work executed for the Boundary Commissioner.

132. The permanent pay and additional allowances of the Establishment amounted to Rs. 2,020, and the contingent charges including cost of printing paper and types to Rs. 620-4-11.

133. The particulars of the work performed during the year are subjoined:—

136. The causes of the increase or decrease in the chief sources of revenue have been noticed.

137. In the item of Miscellaneous Revenue there is an increase of Rs. 11,201-12-10 arising from various causes. There has been enhanced receipts under the heads of Ferries, Opuim and Gunjah, and from the sale of Stamped Cadjans. In the Registration Department an increase in fees has accrued. Tolls were established on the new road opened out across the Kutheran Ghaut and on the Chalakara road. An accession of revenue has been derived from Port dues and the rental obtained for Government warehouses constructed at Narrakel for the convenience of merchants engaged in landing and shipping operations. There have further been refunds from the Public Works Department as balances on completed works and increases in minor items which need not be detailed.

138. With regard to disbursements there is an increase in the Palace Establishment of Rs. 1,435-0-0 which is principally due to the higher allowances settled on some of the Junior Princes having been drawn only for a portion of the preceding year, while they were paid in full during the year reported on. The increase under this head would have been greater but for the demise of the late Third Prince by which the allowance of the last Prince lapsed.

139. The cost of Religious institutions shows a decrease of Rs. 10,175-11-3 and of charitable institutions of Rs. 2,990-6-1. This is accounted for generally by the cheapness of provisions required for these charities. In the former case it may be mentioned that there has been a saving in consequence of certain ceremonies at the Irinjalacoda Pagoda not having been performed through exceptional circumstances.

140. In the Administrative Establishment an increase is apparent of Rs. 1,124-0-0 which is attributable to the enhanced salaries accorded to certain public servants in the preceding year not having been drawn during the whole of that year; while the sanctioned amount was fully paid in the year under review.

141. The Judicial Establishment shows a saving of Rs. 294-5-9. This is principally accounted for by the post of the 2nd Judge of the Anjikaimal Zillah Court not having been filled up during the period when the Officer holding it was deputed to act as 1st Judge of the Trichoor Zillah Court.

142. In the Educational Department there is an increased expenditure of Rs. 836-8-9 incurred chiefly in raising the salaries of some of the Masters and Assistants of the High School and District Schools.

143. The cost of the Police Establishment was increased by Rs. 794-6-0 in consequence of the employment of an Inspector of Police at Head Quarters.

144. The small increases under the heads of Military charges and Pensions call for no remark.

145. The Public Works expenditure has increased by Rs. 12,710-12-11, mainly on account of the new Public Buildings now being erected at Ernacollum, the construction of an anicut at Chittoor and the re-building of the Tiruvilvamala Pagoda.

146. The Miscellaneous expenses were greater than in the previous year by Rs. 62,502-13-10. During the year increased charges were incurred in connection with the territorial disputes between Travancore and Cochin while a sum of Rs. 71,145-14-6 advanced to the State Ceremony Fund was written off the accounts, on the other hand the greater portion of the charges on account

of the Census of 1881 and several other items of expenditure incurred in the previous year are absent in the accounts of 1057. Hence there has been a net increase as above noticed.

147. The total receipts of the year under report exceeded those of the previous year by Rs. 29,547-6-9, while the total disbursements were greater by Rs. 76,031-7-9.

148. The receipts of the year having exceeded the expenditure by Rs. 68,539—14—0, the Cash Balance, including the amount brought to credit from the preceding year, should have been Rs. 6,62,053-4-5; but as an investment of Rs. 200,000 was made in Government Securities and the charges on account of premium &c., amounted to Rs. 6,358-12-3 the actual balance in the Treasury is Rs. 4,55,694-8-2.

149. The estimate for the current year 1058 (1882-83) shows that with an estimated revenue of Rs. 14,90,386 it is proposed to spend Rs. 13,42,959, leaving an anticipated surplus of Rs. 1,47,427.

150. The total amount remaining to the credit of the Government at the close of the year under report was Rs. 32,31,372, as shown in the margin.

Cash balance............Rs.	4,55,694—8—2
